

# Table of Contents

<b>Introduction .....</b>	<b>vii</b>
<i>By Theodore Claypoole</i>	
<b>Part I: AI and Society.....</b>	<b>1</b>
Chapter 1: A History of Artificial Intelligence.....	3
<i>By Warren E. Agin</i>	
Chapter 2: Introduction to Artificial Intelligence and Machine Learning .....	29
<i>By Dr. Anastassia Lauterbach</i>	
<b>Part II: AI and Industry.....</b>	<b>51</b>
Chapter 3: Artificial Intelligence and Healthcare Regulation.....	53
<i>By Dina B. Ross and Campbell Tucker</i>	
Chapter 4: AI in Augmented Reality and Entertainment .....	61
<i>By Jennifer Maisel</i>	
Chapter 5: AI and the Labor Laws.....	75
<i>By Jon M. Garon</i>	
Chapter 6: Behavioral Advertising and Disclosures.....	93
<i>By Susan H. Stephan</i>	
Chapter 7: Artificial Intelligence and the Work of Visionary Boards.....	115
<i>By Dr. Anastassia Lauterbach</i>	
<b>Part III: Smart Machines .....</b>	<b>125</b>
Chapter 8: AI-Controlled Vehicles: How Will We Frame Thy Fearful Symmetry? .....	127
<i>By Roland L. Trope and Charles C. Palmer</i>	

Chapter 9: Artificial Horizon: Navigating the Intersection of AI and Aviation.....	249
<i>By Alan J. Galloway</i>	
Chapter 10: Legal Issues in Cybernetics and Biorobotics .....	285
<i>By Charlotte A. Tschider and Krista Kennedy</i>	
Chapter 11: The Perfect Sentinel: AI Military Applications and Implications .....	307
<i>By James E. Baker</i>	

**Part IV: Special Legal Problems ..... 333**

Chapter 12: Artificial Intelligence as an Author .....	335
<i>By Richard C. Balough</i>	
Chapter 13: Copyright Law and Artificial Intelligence: Emerging Issues.....	347
<i>By Katherine B. Forrest</i>	
Chapter 14: Artificial Intelligence and Consumer Privacy.....	361
<i>By Sara Beth A.R. Kohut</i>	
Chapter 15: Cybersecurity Uses of Artificial Intelligence.....	381
<i>By Eran Kahana</i>	
Chapter 16: AI Product Liability Issues and Associated Risk Management.....	401
<i>By Stephen S. Wu</i>	
Chapter 17: Intelligent Eavesdropping: Privacy Considerations Raised by Artificially Intelligent Digital Assistants and Wearable Devices.....	423
<i>By Eric Boughman</i>	

**Part V: AI and Lawyers ..... 445**

Chapter 18: Artificial Intelligence in Transactional Law Practice .....	447
<i>By Alicia Ryan and Bill Koch</i>	
Chapter 19: Manufacturing Evidence using AI.....	457
<i>By Sara Swartzwelder</i>	
Chapter 20: Getting Smart on the Government and AI .....	469
<i>By Robin Nunn</i>	

**Part VI: International Considerations ..... 481**

Chapter 21: Regulating Artificial Intelligence: EU and UK.....	483
<i>By Malcolm Dowden and Eva Tamasova</i>	

---

Chapter 22: International Privacy Law and Artificial Intelligence .....	501
<i>By Charlotte A. Tschider</i>	
Chapter 23: Are We Ready: Regulating Military Uses of AI .....	521
<i>By James E. Baker</i>	
Chapter 24: The European Union Limits Automated Decision-Making: The General Data Protection Regulation, Article 22.....	567
<i>By Mark J. Becker</i>	
Chapter 25: Artificial Intelligence in Canada.....	583
<i>By Lisa R. Lifshitz and Myron Mallia-Dare</i>	
Chapter 26: Australian Law on Artificial Intelligence.....	605
<i>By Alex Hutchens and Kathryn Morgan</i>	
<b>Part VII: The Future of AI and the Law .....</b>	<b>621</b>
Chapter 27: Mapping the Law with Artificial Intelligence .....	623
<i>By J.B. Ruhl and Daniel Martin Katz</i>	
Chapter 28: A World with Ubiquitous Artificial Intelligence .....	639
<i>By Eran Kahana</i>	
Chapter 29: When and How Should AI Be Granted Legal Status?.....	653
<i>By Theodore Claypoole</i>	
<b>Appendix .....</b>	<b>687</b>
<b>Index .....</b>	<b>729</b>
<b>About the Authors.....</b>	<b>739</b>
